

Angels in the Outfield

One child at a time...

Linda Myers, Secretary

lindam@theangelsintheoutfield.org

Linda is a retired CPA who has always been interested in helping children. While growing up she always enjoyed being around children and was a steady babysitter for several families. As an adult she has been involved with children in many capacities. Linda has been a Sunday School teacher, youth group advisor, a school room mother, a PTC officer and board member, as well as a team mother and chaperone for several youth trips.

When Linda retired in 2009, she new she wanted to continue helping children in some way. She originally thought she would become a CASA volunteer, however, she and her husband traveled a lot and did not want a long-term commitment with a single child and then leave on a long trip. When the opportunity to join the board of Angels presented itself, it seemed like a perfect fit. Linda was very impressed with the work of the Angels and felt that her love of children and skills as a CPA could be used in a meaningful way.

Linda joined the Angels board in 2010.
